Introduction - Company Brief

Eshua Ofe Marine Limited (EOML) RC: 7281334 is a fully registered and indigenous Nigerian marine logistics and offshore services company, committed to delivering innovative, reliable, and secure solutions across the country's dynamic maritime sector. Our operations are anchored in excellence, with a strong focus on quality service delivery, client satisfaction, and adherence to industry best practices.

We specialize in a broad spectrum of marine and offshore solutions, including marine transportation, ship brokerage and chartering, offshore support services, and marine consultancy. By aligning our services with the evolving needs of the oil and gas, shipping, and offshore sectors, we play a vital role in enabling safe and efficient offshore operations, while contributing meaningfully to the growth and sustainability of Nigeria's blue economy.

With operational footprints strategically located in major coastal hubs—Port Harcourt, Cross River, and Lagos and we are well-positioned to serve clients swiftly and efficiently across the Gulf of Guinea and other inland waterways.

Our team comprises seasoned professionals, maritime experts, engineers, and logistics specialists who bring deep industry knowledge, technical skill, and a relentless commitment to operational excellence.

We leverage our expanding fleet, industry partnerships, and regulatory compliance to offer scalable and sustainable solutions—meeting the challenges of modern-day marine operations with innovation, professionalism, and integrity.

At Eshua Ofe Marine Limited, we are not just service providers—we are long-term partners in your offshore success.

NIGERIAN CONTENT

NIGERIAN CONTENT DEVELOPMENT POLICY

Eshua Ofe Marine Limited, as a responsible and fully Nigerian-owned marine logistics and offshore services provider, supports the principles and objectives of the Nigerian Content Development framework. Though not primarily an oil and gas company, we understand the importance of promoting local capacity, indigenous participation, and sustainable development within Nigeria's maritime and offshore ecosystem. As such, we voluntarily align our operations with key elements of the Nigerian Oil and Gas Industry Content Development Act (NOGICD Act) and related local content initiatives.

To demonstrate this commitment, Eshua Ofe Marine Limited undertakes to:

- Prioritize the use of Nigerian-made goods and services where available and suitable.
- Employ and develop Nigerian professionals across all operational levels, while investing in continuous capacity building and skill development.
- Collaborate with Nigerian technical partners and institutions to close any identified technical skill gaps.
- Source funding and insurance for our operations through Nigerian banks and insurance companies, wherever practical.
- Promote knowledge transfer and innovation through partnerships with local experts, consultants, and maritime professionals.
- Periodically assess and refine our content development strategy to align with national goals, industry best practices, and client expectations.

ENVIRONMENTAL POLICY

ENVIRONMENTAL POLICY

Eshua Ofe Marine Limited is committed to carrying out all its operations with the utmost regard for environmental protection and sustainability.

We aim to minimize any adverse impact our activities may have on the ecosystem, particularly within coastal and offshore environments, by adhering to globally accepted environmental practices and standards. The company shall ensure that:

- All relevant environmental laws, regulations, and guidelines are available and accessible at all project sites and offices.
- Personnel are trained and continuously updated on applicable national and international environmental regulations.
- Operational activities avoid disturbance or destruction of environmentally sensitive areas and protected marine ecosystems.
- Field personnel comply with environmental procedures during vessel operations, inspections, and marine logistics services.
- Local community values, traditional practices, and protected natural features (such as mangroves or sacred groves) are respected and preserved.
- All employees are sensitized on environmental best practices and the importance of sustainability in maritime operations.
- Wastes generated during operations (including oil residues, plastics, bilge water, and others) are properly sorted, treated, and disposed of in line with environmental standards

Eshua Ofe Marine Limited remains dedicated to environmental stewardship, striving to protect air, water, marine life, and the communities that depend on them..

HEALTH & SAFETY POLICY

HEALTH & SAFETY POLICY

Eshua Ofe Marine Limited considers the health and safety of its staff and personnel to be of paramount importance, especially during marine operations and offshore logistics. All operations are planned and executed to ensure the well-being of staff, contractors, seafarers, and third parties. The company shall do this by:

- Engaging the services of a competent retainer-ship health service provider to cater to the health needs of its staff and crew.
- Employing the services of qualified medical personnel to attend to staff at sea, onshore offices, and remote locations.
- Ensuring the medical fitness of cooks and food handlers before deployment to vessels or remote sites.
- Mapping out contingency and emergency response plans for all offshore, field, and terminal operations.
- Training HSE personnel to assess and monitor the health and safety conditions of staff and seafarers, and to administer first aid during emergencies.
- Providing and maintaining adequate first aid kits at vessels, base offices, and field operational sites. Promoting safety awareness, health education, and wellness among all employees and contractors. Eshua Ofe Marine Limited remains committed to creating a safe and healthy working environment for all personnel engaged in its operations.

AT A GLANCE

Registered & Incorporated

Partnership with Key OEMS

Job Creation Enhancing Community Development

All Races and Discipline Employees

Our technical team and partners possess extensive expertise in Marine Support Services, including offshore logistics, crew transportation, vessel chartering, and general marine operations. Our deep understanding of the marine environment allows us to effectively manage complex offshore and coastal challenges, ensuring safe, timely, and efficient service delivery. We are committed to optimizing our clients' operational performance by minimizing downtime and reducing capital and operational expenditures. Through a combination of experienced personnel, strategic planning, and adherence to industry best practices, Eshua Marine delivers reliable solutions tailored to the dynamic needs of the maritime and offshore sectors.

VISION STATEMENT

To be a globally recognized and trusted leader in marine logistics, ship brokerage, and offshore operations, setting the benchmark for excellence, innovation, and integrity in the maritime industry. We envision a future where our name represents reliability, efficiency, and professionalism, not just within Nigeria, but across international waters—contributing to the growth and transformation of the global maritime sector.

Creating Value
in All we do

MISSION STATEMENT

Our mission is to consistently deliver cost-effective, safe, and timely marine logistics and offshore support services that exceed client expectations. We are committed to upholding the highest standards of professionalism, operational efficiency, and safety, while embracing modern technologies and sustainable practices. Through a client-focused approach, we aim to build long-lasting partnerships, support economic development, and continually adapt to the evolving needs of the marine and offshore industries.

Technical and Management Team

At Eshua Ofe Marine Limited, our success is driven by a dedicated team of skilled and experienced professionals with deep expertise in marine logistics, ship brokerage, offshore support, and marine consultancy. We have carefully assembled a group of industry experts with diverse backgrounds in vessel operations, chartering, crew management, and maritime safety. Their comprehensive knowledge of the maritime and offshore sector empowers us to provide reliable, efficient, and innovative solutions that are tailored to the unique needs of each client.

Technical and Management Team

Our management team is equally dedicated, combining strategic insight with operational excellence to guide the company toward sustainable growth. With a strong focus on innovation, collaboration, and continuous improvement, they steer Eshua Ofe Marine Limited in a direction that ensures we remain a trusted force in the marine logistics and offshore services industry, delivering consistent value and reliability to our clients. Together, our technical and management teams foster a culture of excellence, integrity, and teamwork. Through strategic partnerships and collaboration with stakeholders across the maritime sector, they uphold our unwavering commitment to safety, service quality, and client satisfaction—positioning Eshua Ofe Marine Limited as a trusted partner in marine logistics and offshore support solutions.

OUR Core Values

At Eshua Ofe Marine Limited, our core values form the foundation of our identity, guiding every decision and action we take. These principles not only reflect who we are but also fuel our commitment to excellence, reliability, and innovation in the maritime sector. They influence how we serve our clients, engage our partners, and contribute positively to the communities around us.

Integrity

We conduct our business with complete honesty, transparency, and professionalism. Trust is the anchor of our relationships—with clients, partners, and stakeholders—ensuring accountability in every operation.

Safety

The safety of our personnel, clients, vessels, and the environment is paramount. We adhere to strict HSE standards and operational protocols to ensure secure and risk-free service delivery.

Innovation

We embrace modern technologies and forward-thinking solutions to enhance operational efficiency, improve service quality, and stay ahead in the evolving marine industry.

Quality & Sustainability

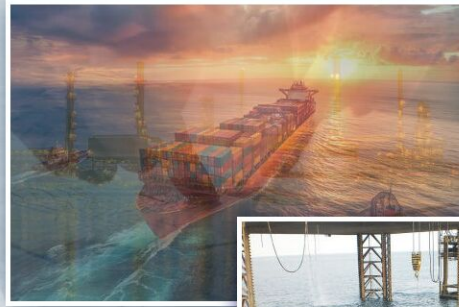

We are committed to delivering services that meet the highest international standards while minimizing environmental impact and promoting sustainable maritime practices.

What We Do.

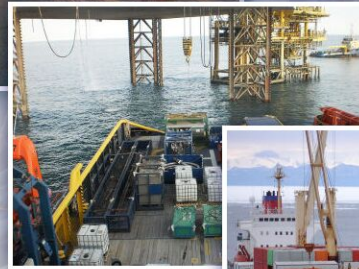

CORE SERVICES
